

CAPABILITY STATEMENT

Core Competencies

Roadmaster Trucking, Inc. is a premier transportation and logistics provider specializing in reliable, efficient, and cost-effective freight solutions. With a commitment to safety, customer satisfaction, and on-time delivery, we serve a wide range of industries, including manufacturing, retail, construction, and government contracts. Our experienced team and modern fleet ensure that we meet the highest industry standards while exceeding customer expectations.

- **Freight Transportation** – Full truckload (FTL) and less-than-truckload (LTL) services across regional and national routes.
- **Logistics Solutions** – Customized transportation management to optimize supply chains.
- **Expedited & Time-Sensitive Freight** – Fast and reliable services to meet urgent delivery deadlines.
- **Dedicated Fleet Services** – Tailored trucking solutions for long-term contracts.
- **Heavy Haul & Specialized Freight** – Transporting oversized, high-value, and sensitive cargo.
- **Intermodal & Drayage Services** – Seamless transport solutions integrating rail, road, and port logistics.
- **Warehousing** – Monitored Security System, Certified for Public Weighing, Certified Pest Control Program, Concrete Paved Yards, 30ft Clear Height, 30,000 sq ft of warehouse space, Block & bracing, and Crating.

Past Performance

- Successfully transported freight for Fortune 500 companies, government agencies, and small businesses.
- Provided dedicated trucking services for large construction and infrastructure projects.
- Partnered with major logistics firms to streamline supply chain efficiency.

Differentiators

- **Modern Fleet & Technology** – Equipped with GPS tracking, real-time updates, and ELD compliance for transparency.
- **Safety & Compliance** – FMCSA-compliant operations with a strong safety record.
- **Experienced Drivers & Team** – Certified, professional drivers with a focus on customer service.
- **Nationwide & Regional Coverage** – Expanding service areas to meet diverse logistics needs.
- **Sustainability Initiatives** – Fuel-efficient operations and eco-friendly transportation solutions.
